50 YEARS OF PERFORMANCE

STRUCTAflor™ General Purpose is a flexible, cost-effective flooring solution for residential builds, backed by over 50 years of proven performance. Ideal for subfloors, suspended floors, extensions and multi-storey construction.

STRUCTAflor™ General Purpose — YELLOWtongue™ 19mm

STRUCTAflor™ General Purpose is a durable, resin-enriched particleboard flooring designed for residential use. Made from precision-milled wood flakes bonded with moisture-resistant resin, it features a protective surface and sealed, waxed edges for improved durability and moisture resistance.

The tongue-and-groove system, including a colour-coded polypropylene tongue, ensures a secure fit between panels while meeting structural standards.

For 19mm YELLOWtongue™ STRUCTAflor™ General Purpose, the maximum joist spacing is 450mm in typical residential applications.

Features & Benefits

- 3600x800 sheet sizes
- Resin-enriched surface for enhanced weather protection during construction for up to 2 months.
- Certified to AS/NZS 1860.1 for strength, stability and performance.
- Manufactured to precise standards for a secure fit with standard joist layouts, keeping installation fast and reliable.
- Wax-impregnated and edge-sealed for long-term moisture resistance and easy product identification.
- Made from managed and renewable plantation pine.
- Manufactured with a minimum average of 40% recycled timber
