

Safety Data Sheet

MGP10 H3 LOSP Treated Timber

1. IDENTIFICATION OF THE MATERIAL AND SUPPLIER

Supplier Name Porta Products Pty Ltd

Address 1 Sandy Lane, Bombala, NSW, Australia, 2632

Telephone 1300 300 547 / 02 4340 9800

Facsimile 1300 320 547 / 02 4340 5841

Emergency 1300 300 547

Synonyms LOSP H3 Treated Pine

Use Timber

2. HAZARD IDENTIFICATION

Classification of the substance or mixture NOT CLASSIFIED AS HAZARDOUS ACCORDING TO SAFE WORK AUSTRALIA CRITERIA

GHS Label Elements No signal word, pictograms, hazard or precautionary statements have been allocated.

Other Hazards No information provided.

3. COMPOSITION / INFORMATION OF INGREDIENTS

Ingredient	CAS No.	EC No.	Content
Timber (softwood)	-	-	>98%
Hydrocarbon Solvent(S)	-	-	<5%
Dipropylene Glycol Methyl Ether	34590-94-8	252-104-2	<0.1%

Permethrin	52645-53-1	258-067-9	<0.1%
Propiconazole	60207-90-1	262-104-4	<0.1%
Tebuconazole	107534-96-3	403-640-2	<0.1%
Zinc	7440-66-6	231-175-3	<0.1%
Non Hazardous Ingredients	N Av	N Av	<0.1%

Notes: The product may contain traces (<0.01%) of 3-Iodo-2-Propynyl Butylcarbamate (CAS 55406-53-6).

4. FIRST AID MEASURES

Eye Exposure is considered unlikely unless dust is generated. Hold eyelids apart and flush the eye continuously with running water for at least 15 minutes.

Skin Due to product form, acute skin hazards are not anticipated. If irritation occurs, seek medical advice.

Inhalation Due to product form / nature of use, an inhalation hazard is not anticipated (unless sanding and creating wood dust).

Ingestion For advice, contact a Poisons Information Centre on 13 11 26 (Australia Wide) or a doctor (at once). Due to product form and application, ingestion is considered unlikely.

First Aid Facilities Normal washroom facilities should be available.

Most important symptoms and effects, both acute and delayed No adverse health effects expected if the product is handled in accordance with the SDS and the product label.

Immediate medical attention and special treatment needed Treat symptomatically.

5. FIRE FIGHTING MEASURES

Extinguishing Water spray or fog, for large quantities. Prevent contamination of drains and waterways.

Special hazards arising from the substance or mixture Combustible. May evolve toxic gases (carbon oxides, metal oxides, hydrocarbons) when heated to decomposition. Finely divided dust may form explosive mixtures with air.

Advice for Firefighters Evacuate area and contact emergency services. Toxic gases may be evolved in a fire situation. Remain upwind and notify those downwind of hazard. Wear full protective equipment including Self Contained Breathing Apparatus (SCBA) when combating fire. Use waterfog to cool intact containers and nearby storage areas.

Hazchem Code None allocated.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions Wear personal protective equipment (PPE) as detailed in Section 8.

Environmental Precautions Prevent product from entering drains and waterways.

Methods of Cleaning Up If spilt, collect and reuse where possible.

References See Sections 8 and 13 for exposure controls and disposal.

7. STORAGE AND HANDLING

Precautions for safe handling Before use carefully read the product label. Use of safe work practices are recommended to avoid eye or skin contact and inhalation. Observe good personal hygiene, including washing hands before eating. Prohibit eating, drinking and smoking in contaminated areas.

Conditions for safe storage, including any incompatibilities Store in a dry, well-ventilated area.

Specific End Uses No information provided.

8. EXPOSURE CONTROLS / PERSONAL PROTECTIONS

EXPOSURE STANDARDS

Ingredient	TWA		STEL		Reference
	ppm	mg/m ³	ppm	mg/m ³	
2-(Methoxymethyl)ethoxy Propanol	50	308	-	-	SWA [AUS]
Wood dust (soft wood)	-	5	-	10	SWA [AUS]

Biological Limits No biological limit values have been entered for this product.

EXPOSURE CONTROLS

Engineering Controls Avoid inhalation. Use in well ventilated areas. If sanding, drilling or cutting, use appropriate local extraction ventilation.

Eye/Face Wear dust-proof goggles.

Hands Wear leather or cotton gloves.

Body Not required under normal conditions of use.

Respiratory If cutting or sanding with potential for dust generation, wear a Class P1 (Particulate) respirator.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance Dressed or natural timber

Odour Slight solvent odour

Flammability Combustible

Flash Point (°C) N Av

Boiling point N Av

Melting Point N Av

Evaporation Rate N Av

pH N Av

Vapour Density N Av

Relative Density N Av

Solubility (water) Insoluble

Vapour Pressure N Av

Upper Explosion limit N Av

Lower Explosion limit N Av

Partition Coefficient N Av

Autoignition Temperature N Av

Decomposition Temperature N Av

Viscosity N Av

Explosive Properties N Av

Oxidising Properties N Av

Odour Threshold N Av

N Av = Not Available, N App = Not Applicable

10. STABILITY AND REACTIVITY

Reactivity Carefully review all information provided in sections 10.

Chemical Stability Stable under recommended conditions of storage.

Possibility of Hazardous Reactions Polymerization will not occur.

Conditions to Avoid Avoid heat, sparks, open flames and other ignition sources.

Incompatible Materials Compatible with most commonly used materials.

Hazardous Decomposition Products May evolve toxic gases (carbon/ chromium/ arsenic/ copper oxides) when heated to decomposition.

11. TOXICOLOGICAL INFORMATION

ACUTE EFFECTS

This product is expected to be of low toxicity. Based on available data, the classification criteria are not met.

Information available for the ingredients:

Ingredient	Oral LD50	Dermal LD50	Inhalation LC50
Dipropylene Glycol Methyl Ether	>5,000 mg/kg (rat)	9,510 mg/kg (rabbit)	-
Permethrin	383 mg/kg (rat)	1750 mg/kg (rat)	485 mg/m ³ (rat)
Propiconazole	1517 mg/kg (rat)	>4000 mg/kg (rat)	-
Tebuconazole	1,700 mg/kg (rat)	>5000 mg/kg (rat)	>800 mg/m ³ /4hrs (rat)

Skin Not classified as a skin irritant. Prolonged or repeated exposure to dust may result in mechanical irritation and dermatitis.

Eye Not classified as an eye irritant. Product may only present a hazard if wood is cut or sanded with dust generation, which may result in lacrimation and irritation.

Sensitisation Not classified as causing skin or respiratory sensitisation.

Mutagenicity Not classified as a mutagen.

Carcinogenicity Not classified as a carcinogen. However, repeated exposure to wood dust may result in nasal and paranasal sinus cancers (IARC Group 1). Adverse health effects are usually associated with long-term exposure to high dust levels.

Reproductive Not classified as a reproductive toxin.

STOT - Single Exposure Not classified as causing organ damage from single exposure.

STOT - Repeated Exposure Not classified as causing organ damage from repeated exposure.

Aspiration Not classified as causing aspiration.

12. ECOLOGICAL INFORMATION

Toxicity Not expected to be harmful to aquatic life.

Persistence and Degradability Not applicable.

Bioaccumulative Potential This product does not bioaccumulate.

Mobility in Soil This product is immobile in soil.

Other Adverse Effects No information provided.

13. DISPOSAL CONSIDERATIONS

Waste Disposal Dispose of to an approved landfill or waste processing site. Contact the manufacturer/ supplier for additional information (if required).

Legislation Dispose of in accordance with relevant local legislation.

14. TRANSPORT INFORMATION

NOT CLASSIFIED AS A DANGEROUS GOOD BY THE CRITERIA OF THE ADG (LAND TRANSPORT) CODE, IMDG/ IMO (SEA TRANSPORT) OR IATA/ICAO (AIR TRANSPORT).

UN Number None Allocated

Proper Shipping Name None Allocated

Transport Hazard Class None Allocated

Packing Group None Allocated

Environmental Hazards No information provided

Hazchem Code None allocated.

15. REGULATORY INFORMATION

Safety, health and environmental regulations/ legislation specific for the substance or mixture:

Poison Schedule Classified as a Schedule 6 (S6) Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP).

Classifications Safe Work Australia criteria is based on the Globally Harmonised System (GHS) of Classification and Labelling of Chemicals (GHS Revision 7).

Inventory Listings AUSTRALIA: AIC (Australian Inventory of Industrial Chemicals) All components are listed on AIC, or are exempt.

16. OTHER INFORMATION

Do not burn treated timber. Do not use treated timber as mulch.

Personal Protective Equipment Guidelines The recommendation for protective equipment contained within this report is provided as a guide only. Factors such as form of product, method of application, working environment, quantity used, product concentration and the availability of engineering controls should be considered before final selection of personal protective equipment is made.

Health Effects from Exposure It should be noted that the effects from exposure to this product will depend on several factors including: form of product; frequency and duration of use; quantity used; effectiveness of control measures; protective equipment used and method of application. Given that it is impractical to prepare a report which would encompass all possible scenarios, it is anticipated that users will assess the risks and apply control methods where appropriate.

Report Status This document has been compiled by RMT on behalf of the manufacturer, importer or supplier of the product and serves as their Safety Data Sheet ('SDS').

It is based on information concerning the product which has been provided to RMT by the manufacturer, importer or supplier or obtained from third party sources and is believed to represent the current state of knowledge as to the appropriate safety and handling precautions for the product at the time of issue. Further clarification regarding any aspect of the product should be obtained directly from the manufacturer, importer or supplier.

While RMT has taken all due care to include accurate and up-to-date information in this SDS, it does not provide any warranty as to accuracy or completeness. As far as lawfully possible, RMT accepts no liability for any loss, injury or damage (including consequential loss) which may be suffered or incurred by any person as a consequence of their reliance on the information contained in this SDS.
